Easy workflow:

- 👉 **Initial consultation** - free and no obligation
- 👉 **Analysis** - I diagnose the problem and provide an estimate
- 👉 **Execution** - I work on the problem and keep you informed
- 👉 **Cleanup** - documentation & deletion of data on my servers

I need:

- 👉 **A detailed description of the problem**
- 👉 **Access data and passwords** - transmitted securely
- 👉 **A budget** - minimum 1 hour of work

You get:

- 👉 **A quick response and look at your problem**
- 👉 **Transparent, hourly billing**
- 👉 **A final report** as detailed as you need it
